Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicants hereby notify the U.S. Patent and Trademark Office of the documents listed on the attached PTO/SB/08 A & B (modified) form, which the examiner may deem material to patentability of the claims of the above-identified application.

Atty. Docket No. Q86272

The listed documents are (i) a machine-generated translation of JP 2000-256358 ("JP '358") and (ii) Patent Abstracts of Japan for JP '358. JP '358 was previously made of record by the IDS filed February 24, 2005. The purpose of this IDS is to make of record the machine translation of JP '358 (and accompanying abstract) obtained from the Japan Patent Office. For the examiner's convenience, the machine translation of JP '358 is being submitted in order to facilitate the examiner's understanding of Applicants' remarks in the concurrently filed Response Under 37 C.F.R. § 1.111. Applicants emphasize that the machine translation of JP '358 has been made by a computer and not by Applicants.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicants do not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account. A duplicate copy of this paper is attached.

Respectfully submitted,
